Yaohang Tang

(647) 853-8928 yaohangtang@gmail.com https://github.com/tyh-star

SUMMARY OF QUALIFICATIONS

- Strong understanding of **SDLC** methodologies, including **Agile** and **Waterfall**
- Exceptional **analytical** and **problem-solving** skills with continuous thrive in optimizing program functionalities
- **Quick learner with a passion** for adapting new business processes, latest technologies and concepts
- Proficient in multiple programming languages, including **Java, Python, Vue, Javascript**
- Strong understanding of **computer science fundamentals** including **data structures and algorithms**
- Excellent communication and teamwork skills, with a proven ability to work independently and with a team
- Experience with **Git flow** and **version control**

TECHNICAL PROFICIENCIES

- **Programming Languages**: C/C++, Java, Python, Shell Script, SQL, HTML, Vue, Javascript, CSS
- **IDE/Development Tools:** IntelliJ, Eclipse, PyCharm, GitHub, DBeaver, VScode
- **Databases**: MySQL
- **Operating Systems:** Windows, Unix/Linux, Mac OS

RELEVANT PROJECTS

Prime Deals, Personal Project Sept 2024 - Present

- Lead and collaborate with a friend to develop a shopping website
- Define project scope, clarify requirements and utilized **UML Class Diagram** for planning
- Design and implement the application using **Java Spring Boot** with an **MVC pattern**.
- **Integrated RESTful APIs** to handle user authentication, product updates and shopping cart managements
- Successfully deployed the initial version of the project onto AWS
- Project Link:http://35.183.41.31:8080/login.html

SmartPC Builder, York University Jan 2025 - Mar 2025

- Developed a **Java Maven project** that helps users select optimal components within a given budget
- Applied **Object-Oriented Programming (OOP) principles**, leveraging inheritance and encapsulation for modularity
- Implemented an algorithm that dynamically suggests components (CPU, GPU & RAM)
- Delivered clean, well-documented (using **Java doc string**), and thoroughly tested code to ensure the quality
- Communicated effectively with TA and Professor to clarify project requirements and resolve ambiguities

EDUCATION

Bachelor of Computer Science, York University, ON, Canada Sept 2023 – Present

Relevant Courses: Algorithm, Data Structure, Advanced OOP
